Connect automatically when in range

Network profile type

Public (Recommended)
Your device is not discoverable on the network; use this in most cases—when connected to a network at home, work, or in a public place.

Private
Your device is discoverable on the network; select this if you need file sharing or use apps that communicate over this network. You should know and trust the people and devices on the network.

Configure firewall and security settings

Metered connection Off
Some apps might work differently to reduce data usage when you're connected to this network.

Set a data limit to help control data usage on this network

Random hardware addresses Off
Help protect your privacy by making it harder for people to track your device location when you connect to this network. The setting takes effect the next time you connect to this network.

IP assignment: Automatic (DHCP)

DNS server assignment: Automatic (DHCP)
